Voter Rights/Assistance While Voting

The following information explains basic voting rights and will help voters with special needs.

Visually-Impaired Voters

A touch screen voting unit will be in each polling place on Election Day and at each absentee in person voting site. Touch screen voting is intended for the blind, disabled and voters with reading difficulties.

The touch screen voting units allow disabled voters to vote unassisted through the use of a magnified, high contrast and audio ballot.

At the end of voting, a voter-verifiable paper ballot is produced by the touch screen unit. This paper print-out is secured behind a screen and allows the voter to verify the electronic ballot for accuracy.

If you need to vote using a touch screen unit, ask an election worker for this voting option.

Assistance While Voting

If you have difficulty voting because of a physical disability or handicap, difficulty reading or writing English, or need any other type of assistance, you may bring someone to help you at the polls. The person you bring may go into the voting booth with you and help you vote. This person may be an election official, family member, friend, bystander, campaign worker or anyone else who is not your employer, agent of your employer, or officer or agent of your union. This is your right under federal law.

Non-English-Speaking Voters

Most polling places within the Borough do not normally have bilingual assistance available. Let the Borough Clerk's Office know ahead of time if you will need this service and every effort will be made to provide it.

Physically-Disabled Voters

If you have difficulty gaining access to your polling place, please let the Borough Clerk's Office know. We are making every effort to ensure that polling places are accessible to everyone.

Emergency Absences

If you are unable to vote at your polling place on Election Day and did not have time to apply for an absentee ballot by mail, you may be able to vote by fax. Applications for voting by fax must be received by the Borough Clerk's Office no later than 5:00 p.m. Alaska Daylight Time (AKDT), Monday, October 2nd. See Pages 4 and 6 for more information.

Statement (reproduced exactly as submitted):

It's been a privilege serving you in leadership roles, but the last months as your borough mayor have been especially rewarding. I keep my promises. In the last six months, I've brought vital stability to the KPB. We cut wasteful spending, lowered your taxes, and accomplished what has eluded other administrations for a decade: passing a balanced boroughwide budget. We asked what was important to you, ensured better road maintenance, secured critical funding for senior citizens centers, supported students, including home school families, and made improved election security.

Since my April election, I've initiated a commonsense approach; that means getting things done efficiently, like removing Zipmart in Sterling to protect area kids. Most importantly, over the last six months, I've ensured that this is your borough government and it works for you...not the other way around. We are solving long-standing KPB issues, while working alongside you for commonsense, lower-cost solutions. When we re-opened the "Sterling Mall" a resident shook my hand and said, "Well, you did what you said you were going to do."

With your vote, I can continue keeping my commitments to you and your KPB. Imagine what we can get done together over the next three years.

Community Service:**Statement (reproduced exactly as submitted):**

My family and I moved to the Peninsula in 2015. When we moved to Alaska, I had a desire to run my own business. I began doing handyman work and small repairs, progressed to remodeling homes, and now the majority of my work is on constructing new homes.

I have been reluctant to enter politics, but I believe more conservatives should step up for the good of our community. Since I believe others should step up, I have decided I should be willing to as well.

I am a strong conservative. I believe the Bible, and this will definitely influence how I vote!

I believe in small government, and that less government control of the economy and private sector is important. I am pro-life. Parents should have more say over their children than the school system. My wife and I homeschooled our 2 children (now 18 and 16). Schools should be educating and building the character of the next generation, not pushing social issues.

Since Nikiski is one of the most conservative districts in the state, a strong conservative would best represent Nikiski on the assembly!

I'm passionate about the Kenai Peninsula and feel fortunate for the ability to give back daily through volunteering and helping our friends and neighbors in need. This is how we connect as a community and develop the lifelong friends that become our extended families.

Statement (reproduced exactly as submitted):

My family and I moved to the KPB in 2015 for the Alaskan frontier and the friendly, small-town feel.

I first started picturing myself on the school board while in sixth grade. I attended a high school in the corn fields of southeast Indiana, and later majored in Secondary Education and English/Literature at the University of Cincinnati.

While my husband and I both hail from public schools, and we tried private school for one year with our oldest, homeschooling was the only way to go for our children. Homeschool families feel welcome here, and that is one of many reasons we chose to live here. To encourage more families to migrate to and stay in the KPB, I believe we need schools that are faith, family, and freedom-friendly. A vote for me is not a vote for more of the same! Parents want to feel confident that they and their children are safe with us, and that parental rights are respected here. I would like to see fiscal responsibility without sacrificing great results in test scores. Focus is needed on excellence in literacy from an early age, so that student confidence and proficiency can start to soar in all subjects.

Statement (reproduced exactly as submitted):

My 40+ year background in education, coupled with 15 years as a school board member and 7 years as a Board of Director for Alaska Association of School Boards, has provided me with invaluable institutional knowledge that will be beneficial as we move forward as a district.

I care deeply about delivering quality educational experiences that prepare all students for a successful and fulfilling life after they leave our public school system. I have connected with many state and federal legislators, worked on several state educational committees, developed documents for our district, and maintained relationships with local/state educators and board members.

Still, many issues such as unfunded mandates, rising energy costs, staff retention and recruitment, rising health care costs, and class size face our districts and have the potential to sidetrack quality educational programs and extra-curricular experiences that are currently in place.

As an educator and a board member, advocating for students and our schools has been one of my most important roles. I will continue to advocate for more resources, support, and training and be committed to share those priorities at the local, state, and national levels.

I will always work toward solutions that empower our schools and students.

Statement (reproduced exactly as submitted):

I would be honored to continue serving District 7 on the KPBSD Board of Education.

It is my belief that the Kenai Peninsula School District is one of the best in our state. KPBSD strives to meet the educational needs of each student while valuing the educators supporting student growth and achievement. A great educational system creates lifelong learners seeking knowledge and empowering them to succeed. Our children and young people are the most valuable resources we have.

There are many challenges facing our district moving forward: the implementation of the new Alaska Reads act, safety in schools, maintenance of buildings, retaining/hiring qualified teachers, educating the "whole" child, focusing on education as well as the safety and mental wellness of our students and staff.

The state of Alaska is at a pivotal point in our history, now is the time to stand united to fulfill our constitutional requirement to fund education, now is the time for strong leadership.

I would welcome the opportunity to be a part of the change moving forward.

Sometimes you must do the right thing for the right reason, realizing the decisions we make today affect the future generations of tomorrow.

I would appreciate your vote.

Statement (reproduced exactly as submitted):

Parents want their children to grow and be educated so that their children future is independent and successful. That's why schools, administrators, teachers and curriculum matter. Yet, we can't forget the role parents have in educating their children.

Every generation has had unique challenges to overcome and events to celebrate. Our children will need a solid understanding of chemistry, Physics, Biology and Math. We often forget that we use these subjects daily as we cook or bake when we select how much is needed for the number who will be eating, the yearly math test brought to you by the IRS, or paying bills. What we learn in school matters!

I also believe in vocational skills being promoted to all students While you may not build houses for a living just making a doghouse with your kids bonds your family together with memories. Who know when a trade skill learned in school could become a side job to payoff that emergency that happen or to get ahead.

I look forward at meeting with you at up coming event on my campaign and hearing your ideas.

My vision for Homer is to make it an example of a place where people from across the socioeconomic spectrum live in harmony. A few items which will garner my attention are as follows: Incentives for hiring locally, grassland preservation on the Spit, B and B regulations, promoting Homer through new events enhancing our sister city relationship with Teshio and supporting the Arts, just to name a few.

I have lived in Homer for 6 years and in Alaska for 27. In my opinion, Homer is the greatest place on the entire road system. I've been told that I am a pragmatic individual and I am fiscally conservative.

Statement (reproduced exactly as submitted):

It is my goal to faithfully serve the citizens of Kenai. When deliberating and voting on the budget and services for the city, I will always have the citizens' best interests in mind. My husband and I raised our 3 children in Kenai and have been part of the fabric of the Kenai community for 33 years. Some of the various community activities I have participated in are serving on the board of Kenai Community Foundation, serving as commissioner for Kenai Planning and Zoning, serving as President of Kenai Community Care Center, serving as a member of the Council on Aging, and I am a member of Kenai Fellowship church. I will advocate for citizen involvement and open public policy for our local government. I will work to encourage local business growth and responsible development. I will carefully plan and support our senior citizen service programs which enhance the quality of life and independence. Completing the bluff erosion and stabilization project is a top priority. It will be an honor to represent and serve you! I respectfully ask for your vote on Tuesday October 3, 2023. You can contact me at 907-252-4170 with questions, concerns, or ideas. Thank you, Glense

I opened Fathoms full service salon in 2021 and am a proud business owner in Seldovia. The salon allows me to offer a year round service to the community. My dedication to work in the service industry falls back on my worth ethic which is honest, hard work.

My role at Seldovia Community Preschool allows me to work with children in a play-based classroom environment which keeps me connected to community families. Prior to moving to Seldovia, I worked as a full time Special Education teacher's assistant of the Anchorage School District.

These classroom roles and my position in my community preschool allows me to not only continue learning as a parent, but to offer knowledge and experience for children and their families. Connecting with my community and their families enables me to understand what our families want and learn what they need. I value my role and responsibilities and believe to offer support and new ideas that will strengthen us as a whole.

Your support is appreciated.

Statement (reproduced exactly as submitted):

My family and I moved to Seward in 1999 from Unalaska. I taught at the elementary and middle school until I retired in 2017. We owned and operated numerous commercial fishing businesses in Western Alaska, and owned and operated a multi day fishing and sightseeing business (Alaska Fjord Charters) out of Seward for 7 years.

My experience on the council this past year has been fascinating. I find the issues to be complicated and interesting, and I enjoy working together as a council and community to find a solid path forward. Seward has a lot going on now, with a new city manager and clerk, to various large projects that need careful attention. Some of these include the Lowell Creek diversion tunnel, the new public works facility, the management of the electric utility, the new health clinic, and the new cruise ship terminal. I feel strongly that our community needs to retain its integrity in the winter-that we're increasingly becoming a busy summer tourist destination, but our winter population and available amenities need to be nourished. xtc

Statement (reproduced exactly as submitted):

I am seeking re-election to the office of Mayor for the City of Soldotna because I love our community and everyone who lives and works here. My family and I have lived in Alaska for 48 years and in Soldotna for 35 of those years. Both my children graduated from SOHI and my daughter and grandchildren continue to live here. Both Jeanne and our son Eric eternally rest here.

Over the past three years we faced a challenging time with the COVID-19 pandemic and the issues it created. We conquered those challenges and came out of it as a much stronger and better community.

We have many new and exciting happenings in Soldotna which I would like to see completed, the Field House, the Riverfront Redevelopment Project, the Arts and Culture Master Plan, and continued growth of activities in Soldotna Creek Park, new and expanding business and new construction. We have a strong and vibrant community and a very bright and exciting future and by working together we can make it even better.

I thank you for the support given to me in the past and would sincerely appreciate your support and vote to serve once again as your Mayor.

Our city also provides basic services such as water and sewer, street maintenance, parks and recreation, planning and zoning, and many other on a daily basis. It's vital to continue work with the city administration and staff to provide these services with the correct balance of providing quality of life, essential services, and a reasonable tax rate.

If elected for another term, I will continue to work to ensure these projects are successful, that our city staff has the tools they need to serve our community, and that budgets are reasonable and serve to continue to make Soldotna an enjoyable place to live, work, and provide economic opportunity.
